16 + 16 channel

220V AC
To 12V DC

 Kincony - 32 Channel Relay Controller.
KC868-H32L

Designed by: Wilson Fernandes,
wilsonmoses@yahoo.com

Note: Advisable to use separate/standard 12V DC power supply for most interface-control signals to prevent signal leakage or noise. A separate switch panel is also a good option when long distance is required.
32 Channel Smart Power Distribution Box (Using Kincony Relay controller KC868-H32L )
